"God became man so that man might become like God" (Theosis) ~ St. Athanasius

Glory to Jesus Christ!
Glory Forever!

Welcome to St. Athanasius and to our healing ministry. We are very privileged to have Fr. Sid as our administrator and Director of the Healing Ministry. His professional background as a Physiological Chemist has given him 50+ years of study of God's healing natural nutrients, combined with his knowledge of the soul and how the afflictions of the soul affect the body. Add the Eastern Church's respected Anointing of the Sick and you have one of the most powerful, non-invasive, integrative approaches to healing that can be obtained in the world today. You can play a powerful role in this healing by, understanding from where we came, how desperate our current situation is without God, changing our prayer life, and studying the scriptures referenced along with the Bible, particularly Psalms and Job.

Remember God created Adam and Eve to live in the **GARDEN** of Paradise and to be the Master of this Garden. This meant they ate all kinds of natural, nutritious organic vegetation, fruits and herbs in their raw state. (We should attempt to do the same and do our best to avoid processed foods.) Adam and Eve believed they could become powerful like God, so they chose to please themselves by following the devil's deceit. Because they chose to follow the devil, we had to leave the Garden; hence we have chosen to follow the devil to his kingdom, earth where we are no longer master, but slaves to the devil, leaving behind our Paradise.

God, in His great mercy granted us redemption and salvation through His Son, Our Lord, Jesus Christ, only if we choose Him. Our Lord, Jesus Christ brought the Kingdom of God to earth. We can choose God's kingdom to come (Thy kingdom come. Thy Will be done...) or we can choose what we think will please ourselves at least momentarily by following the devil's temptations and deceptions. Our choices, of course determine our future.
